ENHANCED EXPERIENCE

DAILY MY24.

Drive an icon.

Daily has been an invaluable workmate and a true ally in the success of your business for over 40 years. That's because it's so unique, and the only light commercial vehicle designed to meet every possible need of any business, whatever the road and whatever the mission.

Its tough construction, versatility and technology geared for productivity have made it an icon on the city streets: a vehicle that can effortlessly take any load and any driver anywhere in total comfort.

Building on this extraordinary heritage, the new 100% connected Daily is designed and built to be both a vehicle for all and the ideal means of transport for your specific needs.

New features and equipment, such as the Keyless Entry & Go system, the new fully configurable 10" dashboard and new active and passive safety systems, take the practicality, productivity and driving pleasure of the Daily to new heights.

In keeping with this continuous evolution and offering a choice of products designed to complement the new content to perfection, the special MY24 Daily Accessory range has been created to let you make your vehicle even more unique and stand out even more as an urban transport icon.

From the IVECO logo projector and fibre optic lighting kit to a choice of two different kits offering 360° vision around the vehicle and of the road, there's a whole range of accessories created to let you make your new Daily MY24 the ideal travel companion and the workmate you've always dreamed of.

Pick the perfect accessories to make the road ahead even more of a pleasure with the Daily MY24.

Accessories also applicable on Daily MY22.

Daily MY22 accessories applicable to the new Daily MY24 are available in the previous edition of this catalog and can be found on the IVECO ACCESSORIES website - (iveco-accessories.com).

Best-in-class technology and style.

1 IVECO logo projector for cab door.

This accessory, with a black anodised aluminium housing, projects the IVECO logo onto the ground underneath the door as it opens. More safety when leaving the cab at night in poorly lit conditions. The projector switches off automatically 5 minutes after the door is opened.

The kit contains:

- IVECO logo projector
- Connector cable

2 Fibre-optic front grille lighting kit for Daily and eDaily version.

A choice of new colour combinations and new functions, all completely customisable from a dedicated app.

The kit contains:

- 5 m fibre-optic cable
- 6 LED fibre-optic lights
- 1 x 6-cable splitter box with cabling for lights
- 1 Bluetooth® control device box and cable splitter box controller
- fastener screw and cable tie kit
